

MAREC (Michigan Alternative and Renewable Energy Center) Tour and Presentation

WM-AWMA, Wednesday, April 18, 2007 Luncheon Program

On Wednesday, April 18, 2007 from 12:00–1:30, the WMAWMA will be sponsoring a lunch program and tour of the Michigan Alternative and Renewable Energy Center (MAREC). MAREC is a fully integrated and functioning demonstration facility for the generation of electricity using alternative and renewable energy technologies (including a carbonate fuel cell, photovoltaic solar roof tiles, nickel-metal hydride battery systems, and a micro turbine with heat exchanger). MAREC also incorporates innovative energy-efficient features and alternative and renewable building materials.

The lunch program will include a presentation by Felix Goto and a tour of the facility and its various alternative energy projects. See the information below for registering for this luncheon. Attached are directions to MAREC or go on line to www.gvsu.edu for campuses, maps and directions. Come join us for this informative luncheon program at Michigan Alternative & Renewable Energy Center.

Date: April 18, 2007

Time: 12:00 Noon to 1:30 PM

Location: Michigan Alternative & Renewable Energy Center (MAREC)
200 Viridian Drive
Muskegon, Michigan 49440
